

Funding Opportunities in Ontario – Spring 2023

Ontario has provided many funding opportunities to ensure that the residents of Ontario are keeping in line with Canada's climate goals and to continue production of goods and attraction to Ontario. All the funding opportunities found in this summary note are found on this website [here](#). Each funding opportunity has deadlines listed so make sure to check the deadlines of the funding before applying. The funds also have contact lists so if you have any pertinent questions, reach out to those listed. These funds are available through the Government of Ontario and applicants must apply for funding through the Transfer Payment Ontario.

Learn how to register for Transfer Payment Ontario and start applying [here](#). If you need any help applying to grants or finding any funding opportunities that match your organization, reach out to the Green Economy North team.
